SUMMARY

Results-driven, passion for coding, Computer Science graduate seeking an internship or entry-level software development position. Obtained bachelor's degree in three years with 3.70 GPA.

SKILLS

Program Languages: Java, C, C#, Python, SQL, HTML, GDScript

Key Skills: Agile, Git, Software Development, Teamwork, Active Listening, Critical Thinking, Time Management, Data Structures, Software Principals & Development, Mathematics, Continuous Learning

LinkedIn Certificates: React, Spring Boot, AWS

EDUCATION

University of Central Florida
Bachelor of Science in Computer Science
GPA: 3.70

Orlando, FL
Summer 2024

PROJECTS

Senior Design
Elle Endless Learner

Spring 2024 – Summer 2024

- Developed a language learning minigame in Unity with C#
- Participated in Agile/Scrum sprints and standups
- Wrote twenty-five pages of a design document

Full Stack Project

Spring 2024

- Fully produced back-end & front-end of a website
- Tech stack included: Java, Servlets, JSP, SQL, JDBC

Junior Design
LAMP Stack

Fall 2023

- Produced majority of the HTML front-end & design of website

F-LEARN Research Program (Prestigious)

Fall 2021 – Spring 2022

- Mentored on subject of Recurrent Neural Networks (RNN) & Long Short-Term Memory (LSTM)
 - Researched, wrote a paper, and presented RNN & LSTM
-

RELEVANT COURSEWORK

Senior Design	Artificial Intelligence	Problem Solving & Team Dynamics
Database Systems	Computer Science II	Object Oriented Programming

HONORS

Florida Bright Futures Academic 100% Scholarship Award, UCF Dean's List
